Objectives

Our workshops are designed to create a collaborative space for adopters to receive pertinent information relating to the educational needs of their children and young people, whilst actively participating in group discussions and engaging in related activities. Our aim is that all participants will leave our workshops feeling that they've acquired the skills and knowledge needed to enable them to support their children and young people as they progress with their education journey.

Available Workshops

We have three workshops tailored to you, the adoptive parents, for your children's transitions in **Primary** and **Secondary** School, as well as **Special Education Needs and Disabilities (SEND)**.

Conference

Working together for our children - a conference to support our adopters and kinship carers.

Nottinghamshire Virtual School, together with Nottinghamshire Educational Psychology Service and Adoption East Midlands invite you to a conference on:

Tuesday 18th June: 09:30-2:30pm

Double Tree Nottingham Gateway Hotel, Nuthall Road, Nottingham, NG8 6AZ

Free workshops, resources, guest speaker and lunch! This conference is open to Nottinghamshire families (with some flexibility with families and schools located on the border.)

To book email: vstraining@nottsc.gov.uk

Education Support Workers

The role of the Education Support Workers is to offer support to families that is trauma informed, focuses on children's and young people's attachment needs and has relationships between parents, children, and school at its core. We will provide you with the care and knowledge to empower you to confidently work with schools to make a positive difference for your children and young people, and to build your resilience and determination to navigate their education journey with you.
